

Wrap Around Care 4U

We aim to provide high quality before and after school care and education for your child by working in partnership with you and your child's school. Our quality service ensures that the children complete their homework and reading with support, undertake at least 45 minutes exercise per day, and gain academically from a carefully designed enrichment programme, all whilst playing with their peers in a familiar environment.

Leading the way in before and after school care

A day in the life of a child at WrapAroundCare4u

Wrap Around Care 4U

Leading the way in before and after school care

Our values and beliefs are central to all aspects of the service we provide

- Children should be cared for in a safe, stimulating and nurturing environment that promotes their learning and development and provides opportunities for play based peer group fun.
- Parents should have access to high quality and affordable childcare that does not require compromise, fits in with normal work hours and minimises stress.

Stimulating the Mind

Enrichment programmes are carefully planned each term, and are specifically tailored for the different age ranges. Children enjoy a range of subjects from art to music, science to languages and literacy to numeracy.

Invigorating the Body

In the morning, children will have a special stretching session. In the afternoon children take part in aerobic exercise sessions incorporating a range of activities, usually outdoors.

Just Having Fun

The children have free play sessions, with their peers inside and outside using a range of equipment. The equipment is carefully selected by age range and aims to provide fun as well as learning possibilities.

Time for a Break

Healthy minds and healthy bodies need the right fuel. The children are provided with breakfast consisting of cereals, toast and fruit. In the afternoon children have a range of substantial, nutritious snacks consisting of protein and savoury biscuits or bread products, fruit and vegetables and either milk or water.

Keeping Children Safe

Regular risk assessment of safety and security ensures that robust processes are in place for when your child is in our care. All our staff members are checked in line with government requirements.

Working in Partnership with the School

We work in partnership with the school to ensure efficient communication of any child related educational issues. We also make a financial contribution to the school, which the school can then use for the benefit of the children.

A Familiar Environment

Basing our service on school premises ensures that the children are cared for in a familiar environment, alongside their friends and with WrapAroundCare4U staff that they know.

All inclusive fees

We believe that an all-inclusive fee provides clarity and helps us manage parental expectations. All activities and elements of the service are available to all children. There are no hidden extras.

In addition, as a registered provider of childcare you can use your tax efficient vouchers, and where applicable tax credits, to help with the cost.

Freeing up quality time

We know how difficult it is to juggle childcare and work, and so we have included homework and reading time, as well as exercise within our carefully designed curriculum, to enable you to spend quality time with your child at the end of the day.

Working with Parents

We believe that open communication with parents, is an essential part of the success of our service. We welcome feedback, and have dedicated email and telephone lines for each setting.

Investment in our Team

We pride ourselves in the quality of our childcare and education knowledge, qualifications and the business expertise of our senior team. All of the team are handpicked for their qualifications, skills and capabilities. We place a strong emphasis on team working and training and believe in retaining our staff.

A senior member of the team is always available and ready to answer parent queries.
